The Food of Kings for your Baby

Kings command the best the world can give, and the Royal Infant has the best medical advice, the best nurses, the best food obtainable.

Glaxo is privileged to display the Royal Arms of Italy and Spain because the infant: sons of the Kings of Italy and Spain were brought up on Glaxo.

Your Baby is a King, and demands as his Royal right the best that you can give him. Glaxo—the food of Kings—is, therefore, the food King Baby must have.

AIRSHIP ADRIFT.

"DIXMUDE'S" DOUBTFUL FATE.

(Reuter's Service to the China Mail.)

DRIFTING OUT TO SEA? LONDON, December 24.

With a crew now stated to number 51, the airship "Dixmude" seems at present to have disappeared. Messages from Tunis via Paris state that the "Dixmude" is no longer in sight from the landing round at Medenine near the Gulf of Gabes and no replies are being obtained from wireless or flares. It is feared the airship may be out of control as her commander yesterday signalled that his petrol was running out and several of the crew were ill. Another report says the airship has been damaged and is drifting seaward in a violent gale.

LATER NEWS.

TOULON, December 25.

The latest news from the "Dixmude" says she is being driven by a strong wind to the westward of Tatahou. The Commander reports he has sufficient petrol to enable him to keep aloft and choose a landing place when conditions are safe.

INDIAN POLITICS.

POSITION IN BENGAL.

CALCUTTA, December 24. Following Mr. Das's refusal to accept the pre-

miership the Governor has invited the leader of the Independent Nationalists to form a ministry but the latter is only agreeable if the other ministers are chosen from his party which is unacceptable account of the Nationalists (inability, to secure, majority because they are unable to secure the Swarajists support. Thereupon the Governor selected ministers from the other groups and both members of the old Council.

"OCEAN NO LONGER A BARRIER."

LONDON, December 25. Mr. Chao Hsin Chu, the Chinese charge d'affaires, speaking at the dinner of the Overseas Chinese Society said that Chinese in England received the same pleasant and gratifying welcome they gave to foreigners in China. The world was up. The ocean was no longer a barrier between East and West. All should render loyal and honest service and do their utmost to bring Britain and China closer together.

VIENNA UNIVERSITY.

A MUNIFICENT OFFER.

VIENNA December 24. Bosel, reputed to be the richest man in Austria, to maintain the Vienna university in view of the Government's inability to make grants to universities, museums and libraries. It is estimated that Herr Bosell's offer, which will be carried out until the State can again take over the responsibility will be nearly half-a-million sterling annually. Other philanthropists have offered generous donations to the Chancellor for the other institutions affected.

WHAT SHE WANTS.

The German memorandum to the Allies suggests that customs tariffs in the occupied area be brought into line with those prevailing in unoccupied Germany, requests permission to circulate stable money guaranteed by towns, communes, the Landes Bank and the Rhine Province, desires reinstatement of the freedom of the Rhineland for shipping, points out that the congestion of the railway can be relieved by the recall of the German railwaymen who alone understand the system in the industrial area, says the payment of German railwaymen's wages and railway fares in francs is prejudicial, declares the police forces in the Ruhr are not sufficient to carry out their duties and a larger percentage of trained men should be recalled to duty, remarks that the installation of tax-collectors and the reinstatement of German ex-officials is essential and observes that the resumption of the immunity of that numbers of the Reichstag and Federal members of Parliament, the right of assembly, and the independence of the law courts is a necessity.

"WANGLING THE CONSTITUTION."

RAMSAY MACDONALD'S CHARGE.

LONDON, December 25. The Liberal organs and the Daily Telegraph refer in severe terms to the speech of Mr. Ramsay Macdonald at Elgin where he suggested that an attempt was impending to wangle the constitution. The paper declare that this sort of language was intended to convey the notion of trickery to willformed people and further take him to task for suggesting that the Unionist government has not resigned because it hopes to effect an unholy, and upprincipled coalition. They point out that Mr. appointed Strendramath Mullick and Fasrulhuq, Macdonald apparently ignores Mr. Asquithe declaration against compacts and accuse Mr. Macdonald of not giving reasons for his allegations.

NOME (ALASKA), December 25.

An Eskimo who has arrived after a seventy-five mile journey reports that the Reverend Father Ruppert lost his life in an attempt to carry Christmas cheer, to the Hot Springs Orphanage near Pilgrims River. The first intimation of the tragedy, was the arrival at various places of dogs belonging to Father they gave to foreigners in China. The world was Ruppert's team. A search party found the clergy-narrowing and its parts were increasingly linking man's body four miles from the Orphanage. It is believed that reindeer caused the dogs to scatter.

"I am a Man!of Genius." Granville Barker used to relate only took me four hours. an amusing story of a Shaw kiss wirich delighted some hundreds of socialists gathered at a Pabian Society dinner to Anatole France, who, during a short visit to England colleagues. Shaw welcomed France Shaw as the English Molière, did your and four sheep. France read his speech, but made some delightful "asides," and the Moo! house literally rose at them when at the close France went up to Shaw, took hold of his wayward head and kissed him soundly on both cheeks. France

was then well over seventy and Shaw fifty-nine. Barker described the first meeting of Anatole France and Bernard Shaw, who were being shown round; the church of St. Paul in Rome (unknown to each other) with a mixed group of other people one visiting day. The guide, coming to a

statue, said: "This is Con-Christianity." "Constantine, the apostate!" muttered France. The guide looked horrified, and everyone was shocked except Shaw, who burst out laughing. France introduced himself to Shaw and said: "I see, sir, you are one of us." "Yes," replied G. B. S., "I too, am a man of genius."

MANCHESTER COMMENT.

Messrs. James F. Hutton and Co., Ltd., Manchester, report under date November 14:--Trading in the cotton markets has again been exceptionally active and at times even excited. Prices have advanced further, but sentiment has not been so settled and violent fluctuations, have taken place. Unfayourable weather conditions are believed to be destroying the chances of late American cotton and there is consequently a strong fear now that the special bureau estimate is likely to prove even too high a figure for the crop. This has been an important factor in raising prices. In addition, consuming interests both here and in America, appear to have become thoroughly alarmed as to the shortage of supplies and buying of, actual cotton has been heavy and consistent. # Babies are built!

Baby's body is built by food and by food alone. The child can only get out of its food what that food contains. If the food is ill-balanced the child's growth will be ill-balanced. If it lacks certain vital elements the body will be lacking in those vital elements that maintain health and strength.

In Virol, mothers have a preparation that is of immense value because it supplies what is so often lacking in the diet of young children. Virol is rich in all the elements necessary to build the body, and contains those vital principles that enable the system to transform food into living tissue.

Wonderful results have followed the use of Virol for delicate and wasted children, so that more than 3,000 Infant Clinics and Hospitals are now regularly using it.

# VOTING CONTEST.

# \$ 50 PRIZE. ANOTHER CINEMA PICTURE POLI

FILMS SHOWN RECENTLY.

This week, we are holding another voting contest for popular cinema pictures recently exhibited at the World Theatre. We will give a prize of \$50 to the competitor who sends in the coupon agreeing most nearly with the order in which the first ten pictures are placed. It is not imperative that the coupon must be exactly correct to win. Somebody must win the \$50! Why not you?

Twenty names of cinema pictures are given below. Select the ten you consider the mest popular and write them out in the order of your shoice. Than out the form out and send it to the "China Mail" office marked "Yote."

The list which comes nearest the correct solution will win the price. The correct solution will be decided by the general rote, the item politing the most votes being placed first, the one coming next being placed second and so on untilthe list of ten is completed.

Therefore the secret of the contest is Not to select the ten most popular items in alphabetical order from our list. But to select the ten most popular items from our list and judge what place each individually will occupy—which will come first, which second, and so on until all ten have been placed.

The contest lasts from Monday to Saturday. The result will be announced in the "China Mail" on the succeeding Wednesday, when the winner's name will be published along with the correct list.

Every copy of the "China Mall" contains one form giving the reader one try for the prize. Regular readers thus have not less than six tries in one week. Competitors may send in as many forms as they like.

Forms should be sent in to reach the "China Mail" by Monday. Mny forms received by the "China Mall" later than Monday will be discounted. When making your choice use only the words given below. Any forms wrongly marked, mutilated, or indistinctly written will be ruled out.

The decision of the Editor upon any points which may arise shall be first. Members of the "China Mail" staff are debarred from extering the contest.

#### MAKE YOUR CHOICE HERE

Below we give the names of twenty films recently exhibited. Select the ten you think the most popular.
